

NSI Community Shop Volunteer Form

Newton Stewart Initiative is a community organisation with charitable status, reformed in February 2014 to regenerate our town, involving as many people and groups as possible. NSI aims to develop community facilities, support community led initiatives, businesses and regeneration projects, youth, arts and sports projects and any other project that benefits the community living and working in and around Newton Stewart.

The Community Shop was opened in 2017 in the old tourist information building to raise funds for NSI projects, as well as some of the proceeds going to local groups and organisations. It is staffed entirely by volunteers and stocked by donations from people in the community.
